

# Blue Iguana

## Meet Syndee Cooper: She left the dog-eat-dog world for real dogs (and cats).

The Second time around is magic for Syndee Cooper of **Uptown Pet Bistro**, at the East Market Shops.

Syndee spent many years in the corporate world: attending meetings, putting in long hours, traveling - doing the corporate thing. Until the day she decided to do what she always wanted to do and built a business inspired by her precious pooches!

Syndee is the loving owner of three Yorkies: Mykee, Nykee and Gabi. Over the years, Syndee began making her own accessories for Gabi and the gang. With their custom barrettes, necklaces, bows and blankets, Syndee's pups became the talk of the walk! Soon, friends, and friends of friends, were asking Syndee to share her signature styles with their own pooches.

Syndee's wonderful canine couture can now be found displayed in the Uptown Pet Bistro and Boutique, located in the East Market Shops. Here is pet-lover heaven with clever collar charms, faux crocodile halters with matching leashes, beautiful necklaces and bracelets made of

Swarovski crystals, and darling little hoodies and coats. Food items are of the purest recipes, with only holistic and healthy meals and snacks. And the hand-painted bowl sets are adorable.

Syndee's is an equal opportunity pet boutique, with jewelry, dishes, blankets and treats for kitties and canines alike. She is happy to create original designs for pets – and their parents too! Syndee's own "Mommy and Me" creations include original jewelry designs for dogs and cats, with a matching set for their humans!

**Syndee is hosting a very special event on Saturday, May 12, at the Uptown Pet Bistro. A professional photographer will be on premises all day with varied and adorable backgrounds, to photograph your furry best friend – with or without you. Make sure you call ahead to reserve a spot!**
